

Formed in 1974, InsurPac, the Big I's federal political action committee (PAC) is one of the largest small business PACs in the country and the most recognized PAC in the insurance industry.

How Does InsurPac Work?

Agents, brokers and carrier partners protect their business by contributing to InsurPac.

\$\$ is distributed to U.S. Congressmen, Senators and candidates seeking federal office who are supportive of the IA system and small business in general.

PROTECT. PROMOTE. PERPETUATE

Those relationships help open doors to advocate for or against legislation that directly impacts the IA system.

InsurPac allows our federal lobbyists to constantly attend fundraising events on Capitol Hill. At each of these events they develop relationships with members of Congress and their staff.

Recent Victories

- The Big "I" successfully defended important tax policies from attempts by the current Administration and Congress to overturn them. These tax policies include maintaining the current tax rates for S-corps and C-corps, keeping the 20% small business tax deduction intact, and preventing an increase in the capital gains tax.
- The Big "I" was one of the only small business groups to successfully secure an exemption, legislatively and regulatorily, for its members from reporting beneficial ownership to the Treasury Department's Financial Crimes Enforcement Network (FinCEN).
- The Big "I" has successfully advocated for the extension of the National Flood Insurance Program (NFIP) on numerous occasions over the last several years.

During the most recent election InsurPac disbursed \$1,911,500 to a total of 228 federal campaigns, winning 210 of them to chart an 92% victory rate.

Strength In Numbers

InsurPac speaks as a collective voice for thousands of donors whose contributions directly to federal campaigns might go unnoticed.

Over 3,445 independent agents and brokers contributed a total of \$1,269,794.59 in 2022.
