The most innovative and comprehensive coverage available.

Coalition covers more of the financial, tangible, and intangible exposures your business faces as than any other insurance company.

Ransomware

A hacker has encrypted all of your files and won't unlock them until you pay a ransom. Not to worry, we'll cover the costs to restore your data and get you up and running again.

Wire Fraud and Social Engineering

A funds transfer request is sent to your controller by someone pretending to be your CEO. The funds may be out the door, but at least you're not out of pocket—we've got you covered.

Phishing and Data Breaches

A hacker gains access to an employee's email or breaches your network. We'll cover costs to fix the problem and breach related expenses such as credit monitoring and regulatory penalties.

Don't just protect your network, protect your business

We offer a full suite of security apps including 24/7 security monitoring, automated threat and intelligence alerts, DDoS mitigation, security benchmarking, ransomware protection, employee training, patch reminders, and more—included with each policy at no additional cost.
